**Department of Agriculture, Trade and Consumer Protection**

Ben Brancel, Secretary

**DATE:** November 5, 2014

**TO:** Board of Agriculture, Trade and Consumer Protection

**FROM:** Ben Brancel, Secretary  
Sandy Chalmers, Administrator, Division of Trade and Consumer Protection

**SUBJECT:** ATCP 127, subchapter V, Telephone Solicitations; Do-Not-Call Registry - Final Draft

**PRESENTED BY:** Sandy Chalmers

**REQUESTED ACTION:**

At the November 19, 2014, Board meeting, the Department of Agriculture, Trade and Consumer Protection (DATCP) will ask the DATCP Board to approve the final draft rule revising chapter ATCP 127, subchapter V. This rule makes changes to the existing rule to conform it to recent changes in state statutes and further clarifies DATCP's interpretation of the statutes.

**SUMMARY:**

***Background***

Section 100.52, Stats., established the Wisconsin no call program in 2001. DATCP promulgated chapter ATCP 127, subchapter V, in 2002. This law required the department to create a no-call list and prohibited telephone solicitors from calling residential customers on the list. Residential customers who did not want to receive unsolicited commercial calls provided their telephone numbers and ZIP codes to DATCP once every two years to remain on the non-solicitation list.

The law also requires the department to enact a rule that requires solicitors to register with DATCP and pay an annual fee to obtain the no-call list and to solicit residential customers located in Wisconsin.

The no call law provides some exceptions to the prohibition against calls made to Wisconsin residents by an unregistered solicitor. For example, calls made to current clients, calls made to persons who have consented to receive the call, and calls made on behalf of non-profit and political organizations may be made by solicitors who have not registered with the department.

The law also prohibits telephone solicitors from making pre-recorded telephone solicitations to either residential or business customers and from making telephone calls to business customers who ask them not to make the calls.

The law was amended in 2008 to prohibit telephone solicitors from calling cell phones on the state's no call list. Wisconsin further amended the law in 2012 to prohibit telephone solicitors from sending text messages to residential customers on the state no call list.

The Federal Trade Commission (FTC) maintains a federal do-not-call registry. Under the federal do-not-call program, Wisconsin residents have been able to register their numbers on that list permanently.

The Wisconsin no call law, most recently amended by 2013 Act 234, has eliminated the separate, DATCP-maintained Wisconsin no-call list. As of August 1, 2014, Wisconsin residents who do not want to receive unsolicited telephone calls or texts from telemarketers will now only sign up on the FTC do-not-call registry without any need to re-register. All telephone numbers on the existing Wisconsin no-call list were transferred to that registry. Under the new state law, telephone solicitors must register with the FTC and obtain and follow the Wisconsin portion of the federal do-not-call registry ("state do-not-call registry"). Solicitors must also continue to register with DATCP, and DATCP will continue to administer and enforce the Wisconsin no call law.

### *Rule Content*

#### **General**

This rule:

- Establishes updated registration requirements for telephone solicitors;
- Repeals portions of the rule made obsolete under the statute change;
- Updates recordkeeping requirements;
- Interprets Wisconsin's consent requirement to harmonize with federal requirements; and
- Makes other minor updates and changes including corrections to mistaken citations.

#### **Registration requirements**

This rule updates registration requirements for telephone solicitors. This rule requires telephone solicitors to provide DATCP with proof of registration with the FTC and the ability to obtain updated do-not-call registry information. The federal Subscription Account Number (SAN) will serve as proof of registration.

#### **Obsolete rule provisions**

This rule repeals sections of the existing rule that became obsolete as a result of the statutory change. Sections of the rule that are repealed include those requiring consumers to register for the no-call list with DATCP and DATCP to provide the no-call list to telephone solicitors on a quarterly basis.

#### **Recordkeeping requirements**

The proposed rule extends recordkeeping requirements from two to three years and adds requirements for telephone solicitors to keep records of the numbers called and proof of consent from consumers on the state do-

not-call registry to receive calls or texts. These changes will make the rule more consistent with the statute of limitations and enhance investigations of complaints and enforcement of violations of the rule.

#### **Consent requirement**

The FTC requires express written consent for telephone solicitors to call or text numbers registered on the federal do-not-call registry. The proposed rule harmonizes Wisconsin's rule with the federal standard.

#### **Other changes**

The proposed rule makes other minor clarifying and corrective changes to the rule.

### ***Summary of and Comparison with Existing or Proposed Federal Statutes and Regulations***

#### **Federal Programs**

The Federal Trade Commission (FTC) and Federal Communications Commission (FCC) administer the Telephone Consumer Protection Act (TCPA). This act established the national do-not-call registry. Residential customers can permanently register their telephone numbers on the federal do-not-call registry.

#### **Surrounding State Programs**

Many states have do-not-call programs. Several states, like Wisconsin, maintain their own do-not-call list. Others, including Illinois, Michigan, and Minnesota, have laws allowing for state enforcement of do-not-call provisions but rely on the FTC's registry rather than maintaining their own. Iowa encourages its residents to sign up on the federal do-not-call registry.

### ***Summary of Factual Data and Analytical Methodologies***

To develop this rule, DATCP reviewed federal and state laws related to telephone solicitations, data related to telephone solicitor registration, past enforcement actions, and consumer complaints.

### ***Analysis and Supporting Documents used to Determine Effect on Small Business***

The effect on small business was determined by reviewing estimates of costs to comply with the law.

#### ***Effect on Small Business***

This rule will, generally, have minimal impact on business. This rule might affect the following businesses in the following ways (many of these businesses are "small businesses"):

***Telephone solicitors that are currently registered with DATCP but not with the FTC.***

Under s. 100.52, Stats., and this rule, telephone solicitors will be required to register with both DATCP and the FTC. Most telephone solicitors have registered with both DATCP and the FTC and will not be impacted. The few solicitors who have only registered with DATCP will incur an additional registration fee with the FTC. The first five area codes in a national do-no-call registry subscription are free, so this annual access fee would be \$59 for the 6<sup>th</sup> Wisconsin area code.

Offsetting this added fee, telephone solicitors will no longer be required to pay the following Wisconsin fees:

- \$25 for each additional email address to receive a compact disc containing the no-call list.
- \$25 for each mailing address to receive a compact disc containing the no-call list.
- \$1,000 for each mailing address to receive the no-call list in a hard-copy printed form.

***Recordkeeping requirements***

Currently, persons making telephone solicitations, regardless of whether they may be required to register under the Wisconsin no call law, are required under ATCP 127, subchapter II, to keep certain records necessary to enforce the general direct marketing rules. The recordkeeping requirements in this proposed rule may increase the number of records businesses keep and store, which may have some financial cost associated with it.

This rule and DATCP's administrative efforts related to the rule benefit large and small businesses alike. For example:

- DATCP publishes a fact-sheet for solicitors, clearly explaining the requirements and prohibitions contained in the rule.
- DATCP administers and enforces violations of the rule which ensures a level playing field for all businesses.

Many of the businesses affected by this rule are "small businesses." However, given the subject matter, there are very few accommodations or special exceptions that can be made for small businesses.

A complete *regulatory flexibility analysis* is attached.

***Hearing Attendees***

DATCP held a public hearing on this rule on September 15, 2014. There were no attendees at the hearing, and no one registered in support or opposition of the permanent rule.

### *Hearings*

DATCP had a two-week comment period that followed the hearing. Similarly, no written comments were received. Therefore, DATCP has no response to any public comments.

### *Changes from Hearing Draft*

On September 10, 2014, the Wisconsin Legislative Council Rules Clearinghouse recommended a few minor editorial or technical changes. DATCP has made all the recommended changes.

### *Next Steps*

If the Board approves this final draft rule, DATCP will transmit the final draft rule packet to the Governor for written approval and then to the Legislature for review by appropriate legislative committees. If the Legislature takes no action to stop the rule, the Secretary will sign the final rulemaking order and transmit it for publication. The rule will then take effect on the first day of the month following publication in the Wisconsin Administrative register.

**PROPOSED ORDER  
OF THE WISCONSIN DEPARTMENT OF AGRICULTURE,  
TRADE AND CONSUMER PROTECTION  
ADOPTING RULES**

1 The Wisconsin department of agriculture, trade and consumer protection proposes the following  
2 rule *to repeal* ATCP 127.81 (3) (c), (d), (e) and (Note); *to amend* ATCP 127, subchapter V  
3 (Title), ATCP 127.80 (10) (a) 1., 127.80 (10) (c), 127.83 (2) (b), 127.83 (2) (c), and 127.83 (4);  
4 *to repeal and recreate* ATCP 127.80 (5), 127.81 (2) (j), 127.82 and 127.84; *to create* ATCP  
5 127.80 (6r) and 127.83 (2) (b) (Note); *relating to* telephone solicitations and the state do-not-call  
6 registry and affecting small business.

**Analysis Prepared by the Department  
of Agriculture, Trade and Consumer Protection**

This rule implements s. 100.52, Stats., which directs the department of agriculture, trade and consumer protection (DATCP) to promulgate rules related to telephone solicitations and the do-not-call registry and s. 100.20, Stats., which regulates fair trade practices in business.

***Statutes Interpreted***

Statutes Interpreted: 100.20 (1) and 100.52, Stats.

***Statutory Authority***

Statutory Authority: ss. 93.07 (1), 100.20 (2), 100.52(3), and 100.52(8) Stats.

***Explanation of Statutory Authority***

DATCP has broad general authority, under s. 93.07 (1), Stats., to interpret laws under its jurisdiction. DATCP has authority under s. 100.20 (2), Stats., to promulgate rules forbidding trade practices which DATCP determines to be unfair, and to prescribe fair trade practices. Section 100.52, Stats., directs DATCP to establish by rule a registration system for telephone

solicitors that provides DATCP with proof that the telephone solicitor has complied with federal law in obtaining the state do-not-call registry.

### *Related Statutes and Rules*

Section 100.20(1), Stats., requires trade practices in business to be fair. Unfair trade practices are prohibited. DATCP has rulemaking authority under s. 100.20 (2), Stats., to regulate unfair trade practices through administrative rules.

Section 100.52, Stats., governs telephone solicitations. It directs DATCP to establish a registration system for telephone solicitors that provides DATCP with proof that the telephone solicitor has complied with federal law in obtaining the state do-not-call registry.

Chapter ATPC 127, Subchapter II, Telephone Solicitations, was promulgated under DATCP's authority to regulate unfair trade practices. Among other things, this subchapter requires telephone solicitors to disclose their name and prohibits them from using fictitious names or misrepresenting their identity, affiliation, location or characteristics.

The existing Chapter ATPC 127, Subchapter V, Telephone Solicitations; No-Call List, implements s. 100.52, Stats. This subchapter establishes mechanisms for telephone customers to enter their numbers onto the no-call list that is compiled by the state and for telephone solicitors to register with DATCP to obtain the list.

### *Plain Language Analysis*

#### **Background**

Section 100.52, Stats., established the Wisconsin no call program in 2001. DATCP promulgated chapter ATPC 127, subchapter V in 2002. This law required the department to create a no-call list and prohibited telephone solicitors from calling residential customers on the list. Residential customers who did not want to receive unsolicited commercial calls provided their telephone number and zip code to DATCP every two years to remain on the non-solicitation list.

The law also required the department to enact a rule that requires solicitors to register with DATCP and pay an annual fee to obtain the no call list and to solicit residential customers located in Wisconsin.

The no call law provides exceptions to the prohibition against calls made to Wisconsin residents by an unregistered solicitor. For example, calls made to current clients, calls made to persons who have consented to receive the call, and calls made on behalf of non-profit and political organizations, may be made by solicitors who have not registered with the department.

The law also prohibits telephone solicitors from making pre-recorded telephone solicitations to either residential or business customers, and from making telephone calls to business customers who ask them in writing to not make the calls.

The law was amended in 2008 to prohibit telephone solicitors from calling cell phones on the state No Call list. The law was amended in 2012 to prohibit telephone solicitors from sending text messages to residential customers on the state no-call list.

The Federal Trade Commission (FTC) maintains a federal do-not-call registry. Under the federal do-not-call program, Wisconsin residents have been able to register their numbers on that list permanently.

The Wisconsin no call law was most recently amended by 2013 Act 234 which has eliminated the separate, DATCP-maintained Wisconsin no-call list. As of August 1, 2014, Wisconsin residents who do not want to receive unsolicited telephone calls or texts from telemarketers will now only sign up on the FTC do-not-call registry without any need to re-register, and all telephone numbers on the existing Wisconsin no-call list were transferred to that registry. Under the new state law, telephone solicitors must register with the FTC to obtain and follow Wisconsin's portion of the federal do-not-call registry (state do-not-call registry). Solicitors must also continue to register with DATCP and DATCP will continue to administer and enforce the Wisconsin no call law.

Call List  
**Adm. Code Reference:** ATCP 127  
**Rules Clearinghouse #:** 14-050  
**DATCP Docket #:** 14-R-09

***Rule Summary***

This rule interprets the no-call law administered by the Department of Agriculture, Trade and Consumer Protection ("DATCP"). Among other things, this rule does all of the following:

- Establishes updated registration requirements for telephone solicitors.
- Repeals portions of the rule made obsolete under a statute change.

**Registration requirements**

This rule updates registration requirements for telephone solicitors. This rule requires telephone solicitors to provide DATCP with proof of registration with the Federal Trade Commission (FTC) and the ability to obtain updated do-not-call registry information. The federal Subscription Account Number (SAN) will serve as proof of registration.

**Obsolete rule provisions**

This rule repeals sections of the existing rule that became obsolete as a result of a statutory change enacted in 2013 Act 234. Sections of the rule that are repealed include those requiring consumers to register for the no-call list with DATCP and DATCP to provide the no-call list to telephone solicitors on a quarterly basis.

***Small Business Affected***

This rule affects businesses in the following ways:

***Telephone solicitors that are currently registered with DATCP but not with the FTC.***

Under s. 100.52, Stats., and this rule, telephone solicitors will be required to register with DATCP and also with the FTC. Most telephone solicitors have been registered with both DATCP and the FTC and will not be impacted by this requirement. The few solicitors who have only registered with DATCP will incur an additional registration fee with the FTC. The first five area codes in a national do-no-call registry subscription are free, so this annual access fee would be \$59 for the 6<sup>th</sup> Wisconsin area code.

Offsetting this added fee, telephone solicitors will no longer be required to pay the following fees:

- \$25 for each additional email address to receive a compact disc containing the no-call list.
- \$25 for each mailing address to receive a compact disc containing the no-call list.
- \$1,000 for each mailing address to receive the no-call list in a hard-copy printed form.

### *Accommodation for Small Business*

Many of the businesses affected by this rule are "small businesses." However, given the subject matter, there are very few accommodations or special exceptions that can be made for small businesses.

This rule and DATCP's administrative efforts related to the rule benefit large and small businesses alike. For example:

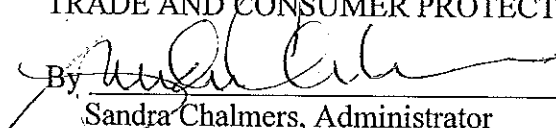

- DATCP publishes a fact sheet for solicitors, clearly explaining the requirements and prohibitions contained in the rule.
- DATCP administers and enforces violations of the rule which ensures a level playing field for all businesses.

### *Conclusion*

This rule will have minimal impact on affected businesses, including "small businesses." Negative effects, if any, will be few and limited. This rule will not have a significant adverse effect on "small business," and is not subject to the delayed "small business" effective date provided in s. 227.22(2)(e), Stats.

## Policy Problem Addressed by the Rule

Section 100.52, Stats., established the Wisconsin no call program in 2001. DATCP promulgated chapter ATCP 127, subchapter V., in 2002. This law required the department to create a no-call list and prohibited telephone solicitors from calling residential customers on the list. Residential customers who did not want to receive unsolicited commercial calls provided their telephone number and zip code to DATCP every two years to remain on the non-solicitation list.

The law also requires the department to enact a rule that requires solicitors to register with DATCP and pay an annual or quarterly fee to obtain the no-call list and to solicit residential customers located in Wisconsin.

The no call law provides exceptions to the prohibition against calls made to Wisconsin residents by an unregistered solicitor. For example, calls made to current clients, calls made to persons who have consented to receive the call, and calls made on behalf of non-profit and political organizations, may be made by solicitors who have not registered with the department.

The law also prohibits telephone solicitors from making pre-recorded telephone solicitations to either residential or business customers and from making telephone calls to business customers who ask them in writing to not make the calls.

The law was amended in 2008 to prohibit telephone solicitors from calling cell phones on the state no call list. The law was again amended in 2012 to prohibit telephone solicitors from sending text messages to residential customers on the state no call list.

The Federal Trade Commission (FTC) maintains a federal do-not-call registry. Under the federal do-not-call program, Wisconsin residents have been able to register their numbers on that list permanently.

The Wisconsin no call law was most recently amended by 2013 Act 234 which eliminated the separate, DATCP-maintained Wisconsin no-call list. As of August 1, 2014, Wisconsin residents who do not want to receive unsolicited telephone calls or texts from telemarketers will now only sign up on the FTC do-not-call registry without any need to re-apply, and all telephone numbers on the existing Wisconsin no-call list will be transferred to that registry. Under the new state law, telephone solicitors must register with the FTC and obtain and follow the Wisconsin portion of the federal do-not-call registry ("state do-not-call registry"). Solicitors must also continue to register with DATCP, and DATCP will continue to administer and enforce the Wisconsin no call law. ATCP 127 must be updated to reflect the recent statutory changes and to make other minor changes.

This rule revision does all of the following:

- Establishes updated registration requirements for telephone solicitors.
- Repeals portions of the rule made obsolete under the statute change.
- Updates recordkeeping requirements.
- Interprets Wisconsin's consent requirement to harmonize with federal requirements.
- Makes other minor updates and changes including corrections to mistaken citations.

**Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)**

This rule updates current rules related to direct marketing and telephone solicitations. This rule modifies and clarifies existing rule language to facilitate consistency, understanding, compliance, and efficiency with other state and federal regulations.

**Local Governments**

This rule will not impact local governments. Local governments will not have any implementation or compliance costs.

**Telephone Solicitors**

Under s. 100.52, Stats., and this rule, telephone solicitors will be required to register with DATCP and also with the FTC. Most telephone solicitors have been registered with both DATCP and the FTC and will not be impacted by this requirement. The few solicitors who have only registered with DATCP will incur an additional registration fee with the FTC. The first five area codes in a national do-not-call registry subscription are free, so this annual access fee would be \$59 for a 6<sup>th</sup> Wisconsin area code.

Offsetting this added fee, telephone solicitors will no longer be required to pay the following fees:

- \$25 for each additional email address to receive a compact disc containing the no-call list.
- \$25 for each mailing address to receive a compact disc containing the no-call list.
- \$1,000 for each mailing address to receive the no-call list in a hard-copy printed form.

Currently, persons making telephone solicitations, regardless of whether they may be required to register under the Wisconsin No Call law, are required under ATCP 127, subchapter II, to keep certain records necessary to enforce the general direct marketing rules. The recordkeeping requirements in this proposed rule may increase the number of records businesses keep and store, which may have some financial cost associated with it.

### *Benefits*

This rule will benefit telephone solicitors and the general public.

#### **Telephone Solicitors**

This rule and DATCP's administrative efforts related to the rule benefit large and small businesses alike. For example:

- DATCP publishes a fact sheet for solicitors, clearly explaining the requirements and prohibitions contained in the rule.
- DATCP administers and enforces violations of the rule which ensures a level playing field for all businesses.

#### **General Public**

The general public will benefit from this rule. The changes to the do-not-call program will enable consumers to sign up on the national do-not-call registry permanently, rather than having to renew their registration every two years. In addition, the rule specifies what constitutes consumer consent to receive calls if a number is on the state do-not-call registry. The rule also creates recordkeeping requirements for businesses that will enable the department to investigate complaints about do-not-call registry violations more easily.

### *Alternatives*

This rule is designed to harmonize the existing rule with recent changes to s. 100.52, stats. DATCP is required, by statute, to establish registration requirements for telephone solicitors by rule. In addition, changes being proposed to clarify and correct existing regulations should be adopted, or they will stay outdated and permit incorrect rule language to remain.

Provisions being established to create standards for written consent and recordkeeping requirements will better protect consumers and aid in the investigation of complaints. The department could not adopt those proposed rules, which would result in continued consumer frustration related to receiving unwanted telephone calls. In addition, the department would continue its current enforcement procedures to obtain telephone solicitor records, which can be time consuming and difficult.

### *Long Range Implications of Implementing the Rule*

Long-term, implementing the rule will increase consumer satisfaction with the do-not-call registry as it will allow consumers to register their phone numbers permanently, rather than having to renew registration every two years. The rule will also enhance DATCP's ability to investigate complaints and enforce the law.

### *Compare With Approaches Being Used by Federal Government*

The Federal Trade Commission (FTC) and Federal Communications Commission (FCC) administer the Telephone Consumer Protection Act (TCPA). This act established the national do-not-call registry. Residential customers can permanently register their telephone numbers on the federal do-not-call registry.

Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Many states have do-not-call programs. Several states, like Wisconsin, maintain their own do-not-call list. Other states, including Illinois, Michigan, and Minnesota, allow for state enforcement of do-not-call provisions but rely on the FTC's registry rather than maintaining their own. Iowa encourages its residents to sign up on the federal do-not-call registry.
